SD BOARD OF REGENTS
Office of Executive Director
306 E. Capitol Ave. Suite 200 - Pierre, SD 57501
403-733-6565
web: sdboard.sd.gov email: info@sdboard.edu

Mr. Harvey Jessow, President - Aberdeen
Mr. Randall Morse, Vice President - Spearfish
Mr. Dean Kregman, Secretary - Brookings
Dr. Robert "Ted" Perry, Executive Director - Pierre
Board Members
Mr. Tony Balcom - Highmore
Mr. Richard Belotti - Madison
Mr. James Hansen - Pierre
Ms. Pat Luhman - Rapid City
Ms. Cara Pague - Rapid Falls
Mr. Dennis Votrubac - Aurore

AMOUNT (AS OF June 30, 2004)

Total $13,064
Within South Dakota $2,280
Within the Black Hills $1,216

FY 04 RESEARCH FUNDING

More than 50 South Dakota Tech faculty members and researchers received 93 research awards totaling $1.1 million during the 2004 fiscal year. The funding came from many different agencies, including the American Recovery Laboratory, Air Force Lab, ERDA Laboratory, National Science Foundation, NASA, US Department of Interior, and the State of South Dakota.

RAPID CITY AND THE BLACK HILLS

South Dakota Tech is located in Rapid City, the state's second-largest city. The city of 60,000 is the regional center for health care, shopping, banking, and other services, and is a major tourist destination because of its proximity to the Black Hills, Mount Rushmore, Crazy Horse Memorial, Badlands, and other attractions. There are canyons, streams and lakes, and a vast variety of rocks, wildlife, and plant life. The Black Hills are home to the Lakota Nation, and Badlands represents some of the world's greatest fossil resources as well as serving as an outdoor laboratory for SD Tech.

INTERNATIONAL PROGRAMS

The Flashpoint International is the center of international activities on campus, and provides a broad program of services to international students.

OUTREACH

South Dakota Tech offers programs and activities that teach and entertain K-12 students and community members, including APEX Gallery, APEX Gallery, Museum of Geology, Engineers Week, Math Contest, Multicultural Expo, Senior Design Fair, NASA Hamilton Program, S.D. Space Grant Consortium, and many more.

RESEARCH AND DEVELOPMENT

South Dakota Tech embraces research to solve problems of industry, the military, government agencies, and to generate economic development in Rapid City, the Black Hills, and the state of South Dakota.

RESEARCH INITIATIVES

- Black Hills and Southern Great Plains Institute
- Center for Excellence of Advanced Manufacturing and Production (CAMP)
- Institute of Atmospheric Studies (IAS)
- The Institute for Multi-scale Materials Development and Processing (IMM)
- Adaptive Manufacturing Laboratory (AML)
- Advanced Materials Processing and Joining Laboratory (AMP)
- Analytical Characterization and Testing Laboratory (ACT)
- The Center for Applied Technologies at the Nanoscale (CANT)
- Computational Mechanics Laboratory (CML)
- Polymer Technology, Processing, and Composites Laboratory (PTPC)
- Fellowships - The Systems Laboratory
- Museum of Geology
- South Dakota Space Grant Consortium

Facts 2004-2005

South Dakota Tech
501 S. South St. Rd, Rapid City, SD 57701
403-733-6565

Research Grants FY 2004 $11,922,155

SDSM&T Foundation Endowment (As of June 30, 2004)

Endowed Scholarships and fellowships $54,888,145
Includes principal and earnings
Total Assets $34,873,653

Number of Donors, FY04 2,843
